## Experience

**UX Design Intern**

June 2017 - Present

Hyatt Hotels

Chicago, IL

Worked as both a UX Interaction and Visual designer on both mobile and web platforms. Designed user flow to allow guests to stream Chromecast directly from their mobile device. Developed interaction design to allow users to view map directions to hotel within mobile app. Designed visual layouts for various screens in mobile app. 1st place winner of the Hyatt Intern Challenge for developing a new app feature to allow users to track and receive updates from housekeeping services during stay.

**Student Assistant**

July 2016 - September 2016

DePaul University

Chicago, IL

Enrolled and managed graduate level students within the DePaul University's Continuing and Professional Education courses. Provided customer service and advising. Handled monetary and electronic transactions. Performed monthly data entry. Organized, filed, and maintained office documents.

**Digital Media Intern**

January 2017 - May 2017

BCV Advertising Agency

Chicago, IL

Managed and generated digital media content series for various luxury hotels throughout the country. Assisted social media coordinators with monthly content creation, such as blog posts, graphics, and tweets. Managed brand integrity by delivering comprehensive management and strategy services to various clients.

**Server/Food Runner**

March 2016 - August 2016

Grand Lux Cafe

Chicago, IL

Delivered exceptional and expedient service to guests. Assisted guests with making menu selections and made recommendations when requested. Trained new servers and food runners on guest service expectations, proper food handling, and restaurant protocols. Routinely cleaned glassware, table settings, counters, and food storage areas.
